

February 14, 2020

Latexo ISD is continually listening to our stakeholder's needs and thoughts that you have for our district. We strive each day to make our district the best around and are very proud of our students, staff, and community. Below is a list of our goals we work toward each day.

1. Meet the academic needs of all students.
2. Provide facilities that will enhance a positive learning environment.
3. Continue to ensure a safe and secure environment for all District students, staff, and visitors; and ensure the school district is prepared to effectively respond to all emergencies.
4. Improve communication among all stakeholders utilizing a variety of media to maximize awareness and support of the District's goals, objectives and programs.

We are asking for your input and thoughts to implementing a 4-day instructional week for next year. We are only seeking information at this time to see if this is something our district and community can benefit from. Please click on the survey and give us your thoughts as we look to prepare next year's calendar. We value the input of our students, parents, and staff members when considering changes to our district.

Thanks!!!

Michael Woodard, Superintendent

Latexo ISD
